

# Boomers Yiddish Delight

Yesterday was another great Boomers event as we traveled into New York City for a full day of activity.

Our first stop was a tour of the Museum Of Jewish Heritage. Private tour guides took us through this world class exhibit. Multimedia displays and memorabilia of the lives and experiences of the Jewish communities in Europe before, during and after the Holocaust made history come alive.

After lunch, we had the pleasure of attending a performance of “Amerike The Golden Land”, a modern Yiddish musical. Through song and dance, the immigrant experience was brought to life, from initial entry via Ellis island more than a century ago, to the post WW II move to the middle-class utopia of The Bronx. A wonderful cast of young performers and a fantastic Klezmer orchestra made for a joyous afternoon.

It really was a day full of meaningful sights and sounds.

Be sure to join us on our next outing on August 29 as we tour the Hudson, Bannerman Castle, and a performance of Shakespeare at Boscobel. For more information contact Jerry Fensterstock at [jerryf@pipeline.com](mailto:jerryf@pipeline.com)
