

**Winter 2021 Enrichment Session for Meg and Risa's 4s**

The winter enrichment session begins Monday, January 4. The after-school enrichment program runs from Noon to 1:30 pm. It will consist of a lunch period, a special class and a recess period.

On Tuesdays and Thursdays, we are very excited to offer a "Getting Ready to Read" class. This class will develop reading readiness, which entails letter recognition, thinking skills required for reading and phonics. It will be taught by Morah Andi Kornreich, who was a 3s teacher here for many years! Andi has a Masters degree, both in Early Childhood Education and in Teaching Reading. **This class is a 2 day/week class; to enroll, you must register your child for BOTH DAYS.** On Fridays, we will offer HappyFeet

Children will stay in the same classroom "pod" as their morning class, *although the staff member(s) may be different from the morning teachers, depending on staff availability.*

Children who enroll in the after-school program MUST be completely potty-trained.

Children will bring a dairy, nut-free lunch to school. It is VERY important that food items do not contain any nuts, nor made in a facility that processes nuts, as we do have children with nut allergies in our school. If your child has a food allergy, please affix a note on their lunch box indicating the allergy.

A minimum of five of your child's morning "pod-mates" must be enrolled in order to hold enrichment for that class/pod on a given day.

The winter session runs from January 4-March 26.

**Registration, with payment MUST be received NO LATER THAN FRIDAY, DECEMBER 18, so we can determine if we have sufficient enrollment to hold enrichment on a given day. Please hand the form and check to your child's teacher.**

Please contact Assistant Director, Amy Portnoy ([aportnoy@bettorah.org](mailto:aportnoy@bettorah.org)), with any questions.
